Birkenhead**

**9.30am-6pm**

**1st & 2nd dose  
Over 18s  
No need  
to book**

# **COVID-19 VACCINATION BUS**

**NHS**

**Keep Wirral Well** 

## **The NHS COVID-19 vaccination bus is visiting Wirral**

Anyone aged 18 and over, who is currently eligible to have the Covid-19 vaccination, can drop in without an appointment.

We are offering first and second doses of both AstraZeneca and Pfizer vaccines during this visit.

If you can't make it, contact your GP practice, visit [www.nhs.uk/covid-vaccination](http://www.nhs.uk/covid-vaccination) or call **119** to book an appointment at a different venue.

### **The NHS is only using vaccines proven to be safe which offer the highest levels of protection.**

- Some people might get mild, short-term side-effects.
- Millions of people have had a Covid-19 vaccine and reports of serious side effects, such as allergic reactions, have been very rare.
- The vaccines don't contain the live Covid-19 virus – they teach your body how to protect itself if you come into contact with the virus. It is much safer to get antibodies through the vaccine than through catching Covid-19.
- If you are eligible, but have any concerns about getting vaccinated, speak to your GP.
- **For more facts about the vaccine visit:**

### **Get vaccinated, Get tested.**

Remember, even once you have had your vaccine, it's important to continue to get tested and follow all the guidance in place to control the virus and save lives. The purpose of the vaccine is to prevent YOU from getting Covid-19 but you may still be able to spread infection to others without knowing it. No vaccine provides 100% protection so you should still wash your hands regularly, follow the guidelines and get tested. [www.wirral.gov.uk/test](http://www.wirral.gov.uk/test)
